

Job title	Project Manager (Higher Education) Gatsby Plant Science Education Programme
Grade	Grade 8
Salary range	£34,956 - £46,924
Staff Group	Unestablished, Academic-related
Department / Institution	The Sainsbury Laboratory

Role-specific information

Role Summary

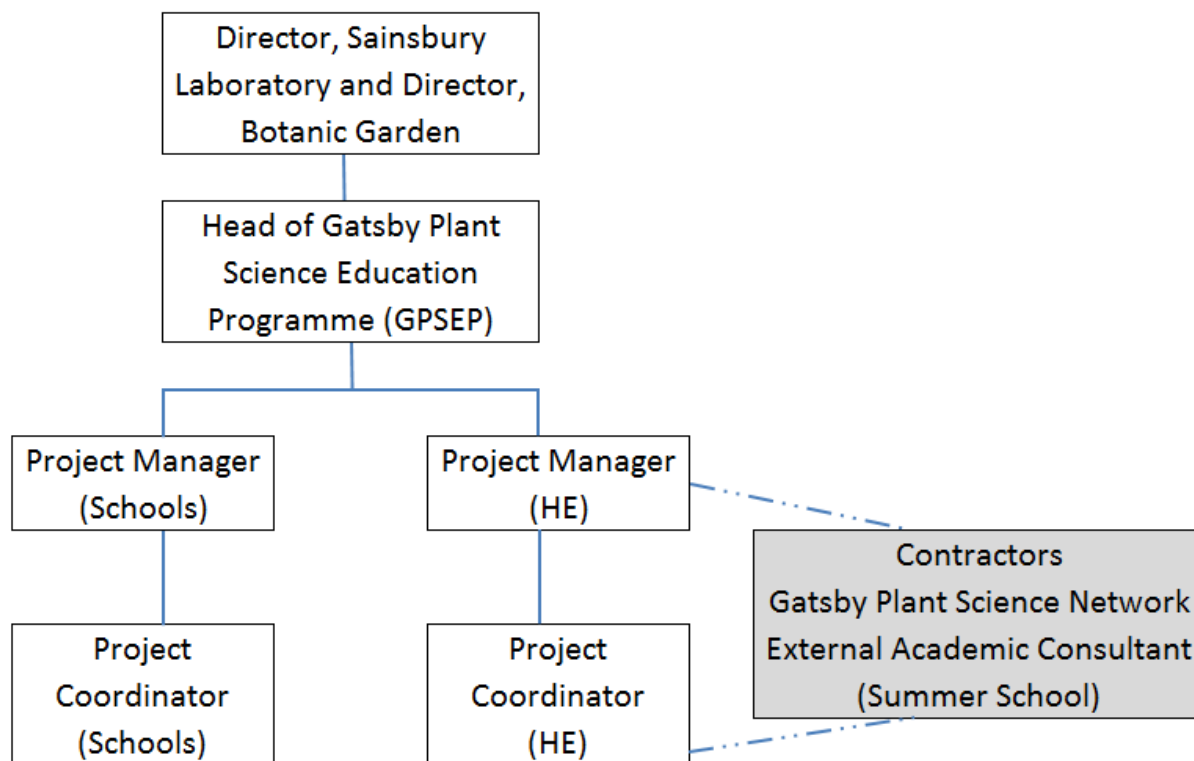

The Gatsby Charitable Foundation has funded a number of plant science education projects at the University of Cambridge since 1990. These include the long-standing Science and Plants for Schools (SAPS) project and the Gatsby Plant Science Summer School. This programme of support for plant science aims to make a demonstrable difference to the teaching and learning of plant science at all ages in the UK.

The purpose of this role is to develop, implement and evaluate impact of the annual Gatsby Plant Science Summer School; making a concrete contribution to supporting an inspiring plant science education and plant-based teaching and learning environment in UK universities, whilst working with academic advisors and consultants to establish greater sustainability for the project. With a background in plant science the role holder will also develop a programme of support for alumni of the Summer School, strengthening their introduction to plant science research following the event through management of a mentoring network.

The Project Manager must promote a strong belief in the importance of plant science education and be able to articulate that confidently and convincingly to scientists, educators, students and opinion formers. Alongside an oversight of the Summer School event, the post line manages the Project Coordinator (HE) and an annual project budget of approximately £100K, whilst being responsible for the editorial direction of the intobiology website, and development and promotion of appropriate communications and outreach opportunities to engage 16-18 year old students in plant science across the UK.

Working within the Gatsby Plant Science Education Programme (GPSEP) team, the role holder will also be responsible for gathering engaging contemporary plant science contexts from contacts in research science to develop resources produced across the programme.

Organisational Chart

Key Responsibilities

<p>Project management and development</p> <p>Review and develop Summer School project plans including aims, objectives, costs, timescales, deliverables, promotion and evaluation. Manage project development and expenditure according to budget and financial regulations. Propose and organise contributions from external advisors/Academic consultant. Provide leadership and motivation to project teams including internal and external contributors. Research and implement options to maximise sustainable future funding for the project.</p>
<p>Scoping and evaluation</p> <p>Evaluate efficacy of components of Summer School against objectives and develop ideas to support an inspiring HE plant science education, including enhanced support for Summer School alumni students.</p> <p>Evaluate scientific practicality of new plant science teaching ideas. Propose future interventions that extend objectives of Summer School to aid long term sustainability of project. Scope and evaluate most appropriate cohort size, implement appropriate impact metrics, prepare cost benefit analyses of Summer School components. Evaluate student recruitment strategy and potential impact of Summer School on student career aspirations. Develop programme to promote regional and national outreach opportunities for 16-18 year old students.</p>
<p>Contribution to the GPSEP team</p> <p>Provide regular updates to the Head of Programme on progress and intelligence gathered from projects and project partners. Work with Project Manager (Schools), to develop common resources for use by schools and HE supporting transition from post-16 biology education to university. Contribute to development of 11-21 plant science curriculum progression plan. Contribute to overall strategy for the programme and the smooth running of projects. Maintain awareness of contemporary plant science pursuits to guide development of context based resources. Support team activities at conferences and events, including face to face promotion of portfolio of programme resources and activities. Maintain and ensure safety of activities undertaken by programme office and on Summer School activities.</p>

External liaison and networking
Develop and maintain a network of contacts in the plant science research and education field to inform programme developments. Develop supportive relationship with mentors of the project to improve and support recruitment of appropriate students. In liaison with the Gatsby Plant Science Network develop strategy for nurturing Summer School alumni. Represent the Summer School and the programme on relevant committees/working groups/Network meetings and establish effective working relationships with project partners. Develop links between plant science outreach providers across the UK and local transition age audiences. Liaise with careers providers to aid appropriate visibility of plant science careers for target audiences.
Communications
Develop and implement the communication and content management strategy across e-communications and social/digital communications channels to Summer School audience. Develop and manage recruitment and ongoing social media campaigns for Summer School participants and alumni. Development of event materials including programme booklet, lecture and taster videos. Responsible for editorial control of the intobiology website (www.intobiology.org.uk) including development of content (student project ideas, careers profiles) and updates as required. Maintenance and direction of Summer School social media profiles (e.g. Facebook and Linked in).
Policy and advocacy
Develop and/or maintain contacts in biology Higher Education policy, careers and engagement arena. Gather examples of good teaching and engagement practice and promote through the Gatsby Plant Science Network. Develop and promote appropriate mentoring experience for host institutions of summer school alumni. Promotion of Summer School to incoming mentors and network members.
Management
Day to day management of Project Coordinator (HE), including annual review and regular 1:1 meetings to support, challenge and develop staff. Manage senior external consultants to the programme. Oversee mentoring of all student alumni across the mentor network, delivering additional mentoring where needed.
Training
Provide training to support alumni and Network members with career progression. Develop training materials and present training on effective outreach with school-HE transition target audience. Provide contemporary science training sessions for initial teacher educators.

Person Profile

This section details the knowledge, skills and experience we require for the role.

Education & qualifications	<ul style="list-style-type: none"> • Qualified at least to degree level (or equivalent professional experience) in the biological sciences, preferably plant science. <p>Desirable</p> <ul style="list-style-type: none"> • Teaching qualification (or equivalent experience)
Specialist knowledge & skills	<ul style="list-style-type: none"> • Excellent knowledge and demonstrable application of the principles of project management • Extensive knowledge of the UK Higher Education system (particularly the biosciences) • Good analytical and organisational skills • Good scientific research and information management skills • Experienced user of Microsoft Office and other computer software packages
Interpersonal & communication skills	<ul style="list-style-type: none"> • Demonstrable skills communicating to audiences via conventional, web and social media platforms • Good presentation skills • Excellent interpersonal skills, with the ability to work confidently with a wide range of people
Relevant experience	<ul style="list-style-type: none"> • Experience delivering, managing and evaluating projects and events which involve a high degree of partnership working • Responsibility of managing a fixed budget • Experience translating ideas into successful projects • Experience teaching/mentoring HE students • Experience of a plant science research environment • Experience of running education events and activities
Additional requirements	<ul style="list-style-type: none"> • Effective team player, with the ability to lead and be led by different team members • Strong interest in plant science and its place in education • Prepared to occasionally work outside of normal hours and to attend the week long annual residential Summer School. • Ability to deal calmly and efficiently with pressing deadlines, changing priorities and unexpected problems • Very reliable and committed to achieving impact • Ability to work on a number of different projects simultaneously whilst maintaining attention to detail. • Versatile and flexible, with the ability to adjust their work programme as new projects develop <p>Desirable</p> <ul style="list-style-type: none"> • Understanding of, and contacts within, undergraduate bioscience education; science outreach programmes.

Terms and Conditions

Location	Office located adjacent to the Sainsbury Laboratory within Cambridge University Botanic Garden
Working pattern	Full-time
Hours of work	Your employment is full time. There are no formal conditions relating to hours and times of work but you are expected to work such hours and days as are reasonably necessary for the proper performance of your duties. Your times of work should be agreed between you and your head of institution.
Length of appointment	Fixed-term: The funds for this post are available until 31 March 2020 in the first instance.
Probation period	6 months
Annual leave	Full time employees are entitled to annual paid leave of 6.6 weeks (or 33 days), plus public holidays.
Pension eligibility	Universities Superannuation Scheme (USS) Pension scheme details, including information about the legal requirement for the University to automatically enrol its eligible jobholders into a qualifying workplace pension scheme from 1 March 2013, is available at: http://www.pensions.admin.cam.ac.uk/ .
Retirement age	The University does not operate a retirement age for unestablished academic-related staff.

Screening Check Requirements

We have a legal responsibility to ensure that you have the right to work in the UK before you can start working for us. If you do not have the right to work in the UK already, any offer of employment we make to you will be conditional upon you gaining it. If you need further information, you may find the Right to Work page within the 'Applying for a job' section of the University's Job Opportunities pages helpful (please see <http://www.jobs.cam.ac.uk/right/have/>).

Application Process

To submit an application for this vacancy, please click on the link in the 'Apply online' section of the advert published on the University's Job Opportunities pages. This will route you to the University's Web Recruitment System, where you will need to register an account (if you have not already) and log in before completing the online application form.

Please ensure that you upload your Curriculum Vitae (CV), a covering letter highlighting your suitability for the position and contact information of three referees in the Upload section of the online application. If you upload any additional documents which have not been requested, we will not be able to consider these as part of your application.

The closing date for applications is Tuesday 18 April 2017. Interviews are anticipated to be held on 27 / 28 April 2017. If you have any questions about this vacancy or the application process, please contact enquiries@slcu.cam.ac.uk.

General Information

The University of Cambridge

The University of Cambridge is one of the world's oldest and most successful Universities, with an outstanding reputation for academic achievement and research. It was ranked first in the 2011 QS World University Rankings and its graduates have won more Nobel Prizes than any other university in the world. The University comprises more than 150 departments, faculties, schools and other institutions, plus a central administration and 31 independent and autonomous colleges.

The University and the Colleges are linked in a complex historical relationship. The Colleges are self-governing, separate legal entities which appoint their own staff. They admit students, provide student accommodation and deliver small group teaching (supervisions). The University awards degrees and its faculties and departments provide lectures and seminars for students, determine the syllabi for teaching and conduct research.

There is much more information about the University at <http://www.cam.ac.uk/univ/works/index.html> which we hope you will find helpful.

The Sainsbury Laboratory

The Sainsbury Laboratory Cambridge University (SLCU) is a new research institute funded by the [Gatsby Foundation](#). The aim of the Laboratory is to elucidate the regulatory systems underlying plant growth and development. SLCU will ultimately house approximately 12 research groups each consisting of around 12 researchers. The laboratory runs a range of centrally managed facilities and services including plant growth facilities, microscopy, tissue culture rooms, level 2 containment facility and a seed store.

Further information about the Sainsbury Laboratory is available at: <http://www.slcu.cam.ac.uk/>
Information about two projects of the Gatsby Plant Science Education programme can be found at <http://www.slcu.cam.ac.uk/outreach/gatsbyplants> and www.saps.org.uk

What the University can offer you

One of our core values at the University of Cambridge is to recognise and reward our staff as our greatest asset. We realise that it's our people who have built our outstanding reputation and that we will only maintain our leading position in the academic world by continuing to attract and retain talented and motivated people. If you choose to come and work with us, you will find that we offer:

- **Excellent benefits** – You will be eligible for a wide range of competitive benefits and services, including numerous discounts on shopping, health care, financial services and public transport. We also offer defined benefits pension schemes and tax-efficient bicycle, car lease and charity-giving schemes.

We will help you balance your home and work life by providing you with generous annual leave entitlement and procedures for requesting a career break or flexible working arrangements if you need them. You will also have access to a range of well-being support services, including in-house Occupational Health and Counselling services. If you have childcare responsibilities, you may also benefit from the enhanced maternity/adoption pay, two nurseries and a holiday play scheme that we provide.

We are keen to welcome new employees from other parts of the UK and other countries to Cambridge. If you will be relocating to Cambridge on a centrally funded appointment of two years or more, you may be eligible for our relocation expenses scheme. The University Accommodation Service (<http://www.accommodation.cam.ac.uk/>) will also be available to help you find suitable rented accommodation and to provide advice on renting arrangements and local facilities, if required. In addition, certain academic and academic-related appointments are eligible for the Shared Equity Scheme which offers financial assistance with the purchase of living accommodation.

- **A welcoming and inclusive environment** - We will help you settle into your new role and working environment through a central University induction event, local induction activities and our online induction package. Where appropriate to your role, you will have a probation period to provide a supportive framework for reviewing your progress and discussing your training and development needs.

If you are relocating to Cambridge, you and your family will be welcome to attend the Newcomers and Visiting Scholars Group, which provides an opportunity to find out more about Cambridge and meet other people new to the area.

- **Extensive development opportunities** - The encouragement of career development for staff is one of the University's core values. We put this into practice through various services and initiatives, including:
 - A wide-range of training courses and online learning packages.
 - The Staff Review and Development (SRD) Scheme, which is designed to enhance work effectiveness and facilitate career development post-probation.
 - Leave for career and personal development, including long-term study leave for assistant staff and sabbatical leave for academic staff.
 - The CareerStart@Cam programme, which supports assistant staff roles without higher education qualifications to develop their skills, experience and qualifications. Assistant staff may also apply for financial assistance for study which results in a qualification.
 - Reduced staff fees for University of Cambridge graduate courses.
 - The opportunity to attend lectures and seminars held by University departments and institutions.
 - Policies and processes dedicated to the career development of researchers and the implementation of the principles of the Concordat, which have led to the University being recognised with an HR Excellence in Research Award by the European Commission.

You can find further details of the benefits, services and opportunities we offer can be found in our CAMBens Employee Benefits web pages at <http://www.hr.admin.cam.ac.uk/pay-benefits/cambens-employee-benefits>. A range of information about living and working in Cambridge is also available to you within the University's web pages at <http://www.jobs.cam.ac.uk/> and <http://www.hr.admin.cam.ac.uk/hr-staff/information-staff>.

Equality of Opportunity at the University

We are committed to a proactive approach to equality, which includes supporting and encouraging all under-represented groups, promoting an inclusive culture and valuing diversity. We make selection decisions based on personal merit and an objective assessment against the criteria required for the post. We do not treat job applicants or members of staff less favourably than one another on the grounds of sex (including gender reassignment), marital or parental status, race, ethnic or national origin, colour, disability (including HIV status), sexual orientation, religion, age or socio-economic factors.

We have various diversity networks to help us progress equality; these include the Women's Staff Network, the Disabled Staff Network, the Black and Minority Ethnic Staff Network and the Lesbian, Gay, Bisexual and Transgender Staff Network. In addition, we were ranked in the top 100 employers for lesbian, gay and bisexual (LGB) staff in Stonewall's Workplace Equality Index 2013 and we hold an Athena SWAN silver award at organisation level for promoting women in Science, Technology, Engineering and Medicine.

We are supportive of staff with caring responsibilities, such as through our flexible working, career break and returning carers schemes. We encourage individuals to include details of any breaks in employment due to caring responsibilities in applications for employment so that these can be taken into consideration in assessments made, where appropriate.

Information if you have a Disability

The University welcomes applications from individuals with disabilities and we are committed to ensuring fair treatment throughout the recruitment process. We will make adjustments to enable applicants to compete to the best of their ability wherever it is reasonable to do so, and, if successful, to assist them during their employment. Information for disabled applicants is available at <http://www.admin.cam.ac.uk/offices/hr/staff/disabled/>.

We encourage you to declare any disability that you may have, and any reasonable adjustments that you may require, in the section provided for this purpose in the application form. This will enable us to accommodate your needs throughout the process as required. However, applicants and employees may declare a disability at any time. If you prefer to discuss any special arrangements connected with a disability, please contact, Amy Coussell, Senior HR Coordinator, who is responsible for recruitment to this position, on 01223 (7)61115 or by email on Amy.Coussell@slcu.cam.ac.uk. Alternatively, you may contact the HR Business Manager responsible for the department you are applying to via hrenquiries@admin.cam.ac.uk.
