

## How to Register for SLS'20 live sessions on Zoom

### 1. Download Zoom app

- You will need to [set-up a free Zoom account](#) if you don't already have one and [download the Zoom app](#). The link we will use for this conference will not work in the Zoom web browser.

### 2. Register

- Elisabeth Burmeister will send you a link to register for the SLS Live Talks on Zoom. If you missed the email invitation you can still register using the below link:

[Register for SLS'20 live sessions on Zoom](#)

You should use the same name and email address as you did when you registered your interest in attending the conference so that we can recognise your details.

### 3. Save your registration email to your calendar

- Once your registration has been accepted you will receive an email like below, which contains your personal link to join the live talks and a link to add the event to your calendar.
- When you click on **Add to Calendar** an .ics file will download. Open the file and then click to save and it will be added to your preferred calendar.
